

I mentioned that while I was reading the book "Miracles" by C. S Lewis I sensed the Spirit of God moving on my heart. As I set the book down on the footstool in front of me the Holy Spirit said, "What if God is really real?" You are saying Ron that is a ridiculous question. You are a pastor - a Christian. As I allowed the Holy Spirit to massage my heart I began to consider how I would live if I really believed God was real. You see it is one thing to say that I believe He is real but it is another thing to live in the reality that He is real. Would fear or discouragement control me at times? Would I strive for earthly treasures?

There are many more questions I could ask but you get the idea. I think at times as Christians we can say the right words but we are not living in the revelation of the words we are speaking. Take a few moments to just consider how you would live if you believed God was really real. Take a deep breath and let His abiding peace and rest flood your soul. He is there! He is reality! He is Life!

I sensed God just wanted to put our hearts at rest. He is the King forever and ever! He will not be unseated from His throne. Take a few minutes and read Daniel 7:9-14 and allow the awesomeness of the Ancient of Days to touch you. Your victory is won! It has been secured by the Undefeatable King!

Give God praise! Right now lift your hands and voice and begin to declare He Is! Allow His manifest presence to fill the place you are. He is there!

Carla and I love you and continually make mention of you in our prayers!!!
