

Summer at the Potter's House

Greetings!! What a wonderful week of Camp Meeting. It is a highlight of my year. I love the opportunity it gives us to grow and to spend time together. If I had a word to describe the meetings it would probably be "Unveiling". God released incredible revelation to us as He "Unveiled" Himself. I am reading scripture with my eyes opened in a new way - veils have been removed (2 Corinthians 3:18).

I shared on Sunday that I would be giving a report on "The Call Nashville" this week. I also want to include a dream one of the sisters in our fellowship had previous to us conducting the Solemn Assembly at Potter's House.

Some Thoughts From the Call/Nashville:

- There were 55,000+ that gathered in Nashville on 07/07/07. So many young men and women hungry for God began to passionately call out to God to forgive and turn the heart of our nation.
- Dutch Sheets opened the day with teaching about removing the reproach from the land.
- The day was broken into segments as key issues were prayed into. The first segment dealt with purity. Calling the church and our nation back to living in moral purity. Statistics were shared regarding pornography and it' grip upon our nation and sad to say many within the church. People were weeping as God was cleansing hearts and impassioning them with holy desire.
- Senator Sam Brownback confessed and asked for forgiveness from 1st Nation peoples and African Americans for the broken promises and mistreatment. There were not a lot of 1st Nations people present or African Americans. Continue to pray that all barriers would

be removed within HIS body that we may be one.

- Lou Engle shared that he sees the number one issue in our nation as abortion. Several people prayed into this issue. Life bracelets were handed out and Lou led the group in a commitment to stand for life. This included not voting for any candidate who did not support the rights of the unborn. He also spoke to believers to get involved in adoption and providing care for expectant mothers. He shared it is not enough to be against something but what are we for - what opportunities are we providing.
- Mike Bickle from the International House of Prayer in Kansas City spoke on God setting the seal of His fiery love upon our hearts (Song of Song 7:6-7).
- The day was filled with intense worship times as God was given honor. Several times we were encouraged to get into groups and pray into the issues of that segment of the day. Michael W. Smith, Misty Edwards, Eddie James, and many others led worship segments.
- Lou Engle shared that throughout the rest of this year and leading to September 2008 there will be Call Events throughout our nation building to a National Call in Washington DC where the goal is to have 1,000,000 people in the mall. Praying for our nation.

It was an incredible time and I kept hearing God saying Mark 11:24, "Therefore I say to you, whatever things you ask **when you pray**, *believe that you receive them*, and you will have them." I really believe God wants us to move forward believing we have received what we prayed for. Declare there is revival in the land. Declare the church has a restored first love for Jesus. Declare that Roe vs. Wade is overturned in our nation. We are in a moment in history others longed to be. Let's **SEIZE THE MOMENT!**

Below is a dream one of our sisters had:

In this dream there was a cargo ship filled with people and it was floating down a river. On each side of the river were cement walls. There was a water wheel on the right side of the river on the wall. It was turning clockwise causing the current to go faster in the direction that the ship was going. I looked down to the end of the river and saw fire.

As I stood there with God, I pleaded for him to stop the ship. God did not stop the ship. Rather, He took the water wheel off the wall on the right side of the river and placed it onto the opposite wall on the left side. The wheel remained turning clockwise. This now caused a resistance against the current which would eventually cause a turn in the tide.

Interpretation:

I see the timing of this dream and its content as prophetic. As we have been called to a season of fasting and prayer for our nation to turn - God is changing the current. He is turning the tide. Let's **SEIZE THE MOMENT!**

Exciting to be in LIFE - Pastor Ron
